ANDY'S ELEMENTARY STUDENT PROGRAMS

My name is Andy Thibodeau, and I am a professional IMPACT speaker specializing in school assemblies for elementary and secondary schools, student leadership programs, and school staff professional development. I am based in my hometown of London, Ontario.

Since 1992 I have delivered thousands of fun inspirational presentations to schools and conferences across North America. It has been a privilege to share my message of "Make Care Contagious" to over two million people in all 10 provinces, the Yukon and 40 US states. Prior to the pandemic I averaged over 140 engagements a year. In 2023 I am back to delivering 25 to 25 presentations a month in the seven busy months of the school calendar.

My hilarious and high energy IMPACT presentations remind students that school is about balancing "learning, fun and community service". My programs empower young leaders to be an example of care and good decisions for others to follow.

I would be thrilled to bring my IMPACT presentations to your school!

My school assemblies feature high-energy motivational comedy with interactive activities and songs to encourage your students to "Share your Care" – that is, to Show UP, Participate and Listen!

I have a version for grades 1 to 4 that is 40 to 50 minutes and a different version for grades 5 to 8 that is 50 to 75 minutes.

With two children who went through these grades, and over 32 years of speaking experience, I remain passionate about encouraging and energizing young people to "Make Care Contagious" and that "Care starts with ME!"

WHY HAS ANDY MADE A 32-YEAR COMMITMENT TO ENCOURAGING STUDENTS?

I was called "Mr. School Spirit" by King's College at Western university's magazine when I joined just 26 people as an Alumni of Distinction of my school in 2014. This passion for leadership and school spirit started in 8th grade when I broke out of my "shell of shyness" and became student council Vice President at Nicholas Wilson elementary school. This led to becoming student council president at Laurier Secondary school and the

orientation coordinator in university. I loved my school experiences and I wanted to make a lifelong commitment to create caring communities for students to have the opportunities that I had.

Sharing my journey of being a shy 6th grader to a confident high schooler empowers my audience with tools and encouragement to find the strength to “Share Your Care” and “Make Care Contagious”. From the stage I tell my story with compassion, humour, and high-energy participation.

ANDY’S ENERGY AND IMPACT ON VIDEO – BRING THIS TO YOUR SCHOOL!

Here are some VIDEO examples from schools across North America! You know my assemblies make an IMPACT when I can get the students up throughout my programs and get them to participate with enthusiasm and yell their mascot with pride! Yes, your school staff will love it too!

HOW CAN I HELP YOU THIS SCHOOL YEAR?

My IMPACT Presentations can help you and your school:

- **Promote inclusion to create community.**
- **Build school spirit to increase participation in student activities.**
- **Encourage perseverance to improve well being and mental health.**
- **Bring fun and energy to your assembly or leadership retreat.**
- **Reinforce your messages of academic effort and excellence.**
- **Train your student leaders to create events that “Make Care Contagious”.**
- **Empower students for success at secondary school and beyond!**
- **Share appreciation and encouragement for your school staff.**

Elementary School References

Since May 13, 2022, after delivering over 80 virtual programs in 2021, it was so amazing bring my in-person IMPACT presentations to following elementary schools (in addition to my work with secondary schools, youth conferences, and educator training and special events!)

ELEMENTARY SCHOOLS 2022 to 2023 – Over 20 schools and more being booked daily!

Locke’s PS and June Callwood PS in St. Thomas, St. Joseph’s in Tillsonburg; River Heights in Caledonia; Clemons Mills in Cambridge, Bath School in New Brunswick, Hartland School in New Brunswick, Starpoint Middle in Lockport, NY, East Aurora Middle in NY. Michel in Big River in Sask and these K to 12 schools in Saskatchewan: Vanguard, Radville, Gladmar, Eastend, Frontier.

References available from any! Here are two, in addition to St. Francis School below.

Clemons Mill Senior Elem in Cambridge – dana.papalia@wrdsb.ca has booked me 5 times since 2011, including a virtual in 2021 and at the school in May of 2022.

J.D. Hogarth, Fergus. sarah.ladner@ugdsb.on.ca has booked me 4 times since 2008! Latest was February 2023.

In the fall of 2022 I spoke at St. Francis elementary school in London for a half day student leadership retreat, two assemblies and then returned on a PD day for a 90 minute staff appreciation program.

Following my leadership retreat and assembly visit with St. Francis, Julia Rossi, the grade 7/8 teacher and student leadership advisor, sent me the following email:

I thought I should also share with you how much you have impacted our student leaders. I have the fortune of seeing them daily and have been at St. Francis for so long that I have had the opportunity to watch them grow. Since your visit with them I have seen them come to life! My quiet and shy leaders are now pulling kids on to the dance floor and engaging students in the hall. They are excited to present new ideas and look for opportunities to help fellow students and classes. They approach every activity ready to show their care. Thank you for your workshop and your assemblies!

ANDY'S IMPACT PRESENTATIONS: Half Day or Full Day Options

ELEMENTARY SCHOOL - HALF DAY

Two presentations, 45 to 75 minutes each. I do not suggest including JK/SK classes. For that age, I suggest short classroom visits if desired. For elementary schools you have two options:

Option A: Two assemblies: Dividing the school in half. A grades 1-4 assembly for 45-55 minutes followed by the grades 5-8 for 50 to 90 minutes.

Option B: One assembly for grades 5 to 8 followed by a student leadership workshop.

A third presentation may be possible with a morning booking by adding a workshop for the leaders over lunch, providing that my afternoon schedule allows it.

DISCOUNTED FEE if we book another school to share the day! **Save \$200!**

Afternoon school always gets a FREE after-school staff appreciation program of 20 to 45 minutes.

ALL presentations feature a mix of energizers, cheers, and games to keep the audience interested, laughing, and engaged! For grades 1 to 4, the students are up to do an activity every 10-15 minutes. For grades 5 to 12, it is every 15-20 minutes.

ELEMENTARY SCHOOL - FULL DAY

Create a program of assemblies and leadership workshops to fit your needs. Many schools will do two assemblies and then a half day leaders' workshop or two leadership workshops. Another option is to have me visit 2 or 3 classes in your period blocks and deliver a small group leadership training time. Conclude the day with an after-school staff program. **Examples:**

Aurora Preparatory Elementary, November, 2022, in York Region. Two school assemblies in the morning for the grades 1 to 8. A staff program over lunch. A two-hour student leadership retreat in the afternoon.

St. George School, London. January, 2023. Their Principal, Maria Giampa booked me for two assemblies in the morning. I then delivered a leadership program with grades 5 to 7 classes in the afternoon across 3 classroom visits at 40 minutes each.

JD Hogarth Elementary, Fergus. February, 2023. Assembly for grades 1-3, Assembly for grades 4-8. Meet with their student leaders during both breaks. Kindergarten program for 20 minutes. After school staff appreciation.

The most unique quality of my presentations is that your school's events, activities, and accomplishments are incorporated into the programs. I will promote upcoming activities while offering recognition and praise for past events. Money spent on my programs can be considered an investment in more successful future activities! Plus, your leadership groups and their advisors will appreciate a speaker that mentions their accomplishments!

ANDY'S PRESENTATION SUMMARIES

IMPACTING SCHOOL ASSEMBLIES

Memorable presentations of Laughter, High Energy, School Spirit, and Encouragement.

Andy offers schools two completely different assembly programs, the length of each is flexible from 45 to 90 minutes. All assemblies use high energy comedy, stories, and interactive cheers to keep your students laughing and listening.

A Unique Feature of Andy's Assemblies: Your activities and school character are incorporated into each program, promoting your events to increase participation. Andy will ask for a list of your activities before the speech and will include these examples throughout his presentations. Money invested in Andy's assembly is returned through better fundraising and event participation after he leaves!

A) "Get Your Hand Up" - School Assembly for grades 6-12

School is about Learning AND having fun. Do that by getting your hand UP! Answer Questions. Ask Questions. Volunteer. Get involved in the classroom and in the activities of your school!

On the first day of high school, Andy was 6 foot and 115 pounds. His #1 enemy ... the wind! He tried out for the Junior football team and on the second day of school Andy experienced the failure of being cut. This hilarious and inspiring program encourages your students to have an attitude of "Pick Me, Pick Me"!

This powerful assembly will entertain and inspire your students by encouraging them to bring back their grade two enthusiasm and "get their hand up". In the classroom, ask questions, answer the teacher, and try your best. In school and life, volunteer and get involved in all of the great activities.

Why don't students "Get Their Hand Up?" The fear of failure: the fear of being wrong in front of friends. You might give a wrong answer, ask a "stupid" question, learn that your best is not as good as others, or volunteer to get involved and yet get cut from a team or play. Andy challenges youth to bring back their grade 2 "recess attitude" which says that although I will make mistakes and get things wrong at times, I will put my hand back up and try again.

Work ethic, School Spirit, Self-Confidence, Resiliency, and Volunteerism are the key themes of this assembly.

B) "Share Your Care" - School Assembly for grades 1 to 12

Andy's Top 3 ways to care: #3 - Show Up! #2 - Participate! #1 – Listen!

Andy has a version of this assembly for grades 1 to 5 which lasts 45-55 minutes and has your students up every 10 minutes for a participation song or chant. Andy's different version for grades 5 to 8 can run from 50 to 75 minutes and has your students up every 15 minutes to do activities that differ from the younger grades.

Andy challenges your students to care about their friends, family, and school the same way they care for strangers who are their favourite performers, internet "stars" and professional athletes. His Top 3 examples of care: Show Up – to class, to practice, to work, to special events; Participate – cheer, dress up, put your hand up in class, dance, laugh, be part of the fundraiser; Listen – ask questions of your classmates and listen to the answers. Create inclusion by asking your classmates and friends questions and truly listening to their answers!

What are the rewards of care? It's fun! Fun fills your day and life with great memories. Care changes the world! Your acts of care can brighten someone's day, add to a fundraising total, brings energy to a dance, or feed a person through a school food drive! It changes YOU! You enjoy school more, leading to a better experience in class and building a community of CARE in your school.

"Share Your Care" is about balancing learning with having fun. Dress up for the spirit day while having your hand up in class to answer questions. Hand in your project on time and then attend a fun after school event.

With his messages of kindness, caring and listening, this assembly is a popular choice for anti-bullying events, Inclusion messaging, and Pink Shirt campaigns. Be an example of care for others to follow!

Andy's version for grades 5 to 12 ends with this story: In grade 10th grade English, Andy was asked to draw an image and write a description of "the most important moment of your life, so far." The drawing was set in June of grade 7. How does the image tie into what led him to run for grade 8 student council vice president? Why did this action change EVERYTHING about the direction of his life? This moving and comedic story about self-confidence, sharing your gifts and compassion will have everyone in your audience relating to Andy's journey from shy 6th grader to confident high school grad and student body president.

Themes of Community Service, Inclusion, Kindness, School Spirit, Self-Confidence, Bullying Awareness are woven into the program.

INSPIRING LEADERSHIP WORKSHOPS

Inspiring Leadership Training that is Educational, Interactive, and Habit Changing. For Grades 6 to 8.

1. Making Care Contagious" – Andy's Student Leadership Workshop

School Spirit is caring, but how do leaders make this care contagious? This presentation draws from Andy's experiences as a student leader and as a speaker traveling North America. He has developed 5 Habits that form the core of all successful student leadership activities. This hilarious and high-energy workshop gives hands-on advice on handling negativity; dealing with rejection; having the courage to be an example of good decisions; effective appreciation; communicating care; and improving event promotion and attendance. Follow Andy's 5 Habits to "get your care, out there!"

The session includes games and activities that can be shared with your school at your next meeting or assembly. Schools that book Andy's workshop get a free copy of the handbook for this program.

This workshop for grades 6 to 12 can run from 45 minutes to 90 minutes. It is also frequently used as a leadership retreat for 2 to 3 hours. Andy can deliver this as the follow-up to his school assembly or as a stand-alone leadership event for your school or a group of schools. The program will also empower student council advisors and leadership teachers who are encouraged to participate in this session.

2. "The Impact of Educators" – An Appreciation Program for all School Staff

In fall of grade 9, Andy received a letter from his high school's track and field coach "recruiting" him to be part of the team. That letter changed his life. Expect laughter and powerful reflection as Andy shares the lessons he learned from Coach Young and his efforts to connect with students.

Andy is the teaching profession's #1 fan because of the difference teachers have made in his life. It also helps that the mother of his children is a high school French & Computers teacher and that in 2022 he was a Supply teacher for all grades! This program is an empowering reminder to school staff about the difference they make with youth.

When booking Andy for your school, consider organizing an after-school staff meeting so he can share this powerful program. Its length is flexible to your needs, from 20 minutes to 1 hour.

It is also frequently booked as a keynote or training session for Professional Development days or Teacher and Administrator conferences. The program in this format can run from 1 to 2 hours, with teambuilding activities and additional instruction.

On November 18th, 2022, five elementary schools in London came together with their full staff of teachers, EAs, ECEs, and Custodians to here me speak as part of Professional Development Day. Organized by the VP of St. Nicholas Elementary in London, Erin Debicki, she wrote the following in an email: ***Our staff left the session feeling uplifted and ready to take on the world. It was exactly what they needed, thank you! We look forward to booking you to come speak to all of our students in the new year!***

Yes, even teachers and support staff love Andy's energizers. This is a School staff example from a 90 minute program for the staff of five London, Ontario elementary schools. It included this phenomenal energizer activity with the 300+ participants, called "Ohh Ahh Orchestra."
